America

Nutrien
Soluções Agrícolas®

NUTRIEN IS THE WORLD'S LARGEST SUPPLIER

of agricultural inputs and services, playing an important role by helping producers to increase food production in a sustainable, responsible and safe manner.

WE PRODUCE AND DISTRIBUTE ABOUT 25 MILLION TONS

of potassium, nitrogen and phosphate throughout the world. With this capability and our leading agricultural retail network, we provide agricultural inputs, services and solutions to growers in more than 2,000 locations across North America, South America and Australia.

WE OPERATE WITH A LONG-TERM VISION

and we are committed to working with different strategic partners on our economic, environmental and social priorities. The scale and variety of our integrated portfolio provide a stable earnings base, growth opportunities and return on capital to our shareholders.

Experience Centers:

An aerial photograph of a vast agricultural field, likely a rice paddy, during sunrise. The sun is low on the horizon, casting a warm, golden glow over the landscape. The field is divided into rectangular plots by narrow paths. In the background, there are rolling hills and a clear sky with some light clouds. Overlaid on the image is the text "# THANK YOU!" in large, bold, green letters. The word "# THANK" is in a lighter shade of green, while "YOU!" is in a darker shade. The text is positioned in the upper half of the image, with the exclamation point being particularly large and prominent. There are also some decorative green shapes on the right side of the image, including a large leaf-like shape and some curved lines.

THANK YOU!
